EDUCATION, SPORTS, ART,
NATURE, HEALTH, SUSTAINABILITY

WORLD OCEANS DAY 2024

On 24 Juni 2024
Schottenbastei 7 - 9
A - 1010 Vienna, Austria

River Cleanup Vienna - Clean Danube Experience 2024

Education, Sports, Art, Nature, Health, Sustainability

World Oceans Day 2024, on 24 Juni 2024
in 1010 Vienna Schottenbastei 7-9, Austria at 8:30

Human Health
Institute n.o,
Dr. Erika Jung, MBA

The Vice President of
the WRK Donau
Dr. Josef Bertagnoli

Professor BGR1
Mag. Andreas Scheucher

The Vice President of the WRK Donau, Dr Josef Bertagnoli, says: "We rowers are out on the water every day and support the River Clean-Up Days as a club with all our might. Rowing itself is a "clean-water sport" and as such we also have a responsibility to keep the water and its surroundings clean and to help clean it.,,

Dr Erika Jung says: "We are coming together to contribute to a sustainable, healthy future for our children. At the same time, we also want to be a role model for children and all those who want to participate in a greener future. It is an activity to strengthen environmental awareness and responsibility among children and young people.,,

Professor Andreas Scheucher says: "It is extremely important to work together with young people on the topic of environmental protection, after all, we are the ones responsible for the current situation and the pupils are the ones who own the future. The project is also a great way to strengthen the social fabric of the class.,,

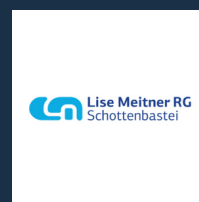

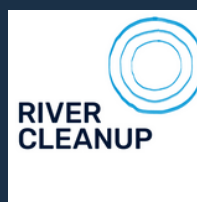

River Cleanup Vienna - Clean Danube Experience 2024

Education, Sports, Art, Nature, Health, Sustainability

On 24 Juni 2024, BRG1 students, professors, rowers, coaches and their families will pull out all the stops for Earth Day 2024 and beautify the banks and waters of Vienna's Lower Old Danube and Danube Canal.

Nowadays, it is more important than ever to take care of the environment, especially when it is visited and used by millions of guests every year. The more we take care of our Danube, the longer we can use and love this oasis of well-being.

RIVER CLEAN UP VIENNA - CLEAN DANUBE EXPERIENCE is a creative approach of the students of class 4.C of the BRG1 - Lise Meitner Realgymnasium "Schottenbastei" and the rowing community - Wiener Ruderklub Donau in cooperation with the Human Health Institute n.o (NGO) and River Cleanup.

Everyone is cordially invited to take part in the River Clean Up Day Vienna!

If you would like to join us and support us, just come along and bring your good humour. We are happy about every hand that wants to do something good for the preservation of our waters. Together we can take a step towards a sustainable future for our children and their children via the Old Danube to the Danube Canal.
